To Whom It May Concern,

I am delighted to recommend **Joud Alharbi** for graduate studies and professional opportunities. I have had the opportunity to teach Joud in multiple courses throughout her undergraduate studies, allowing me to closely observe her academic performance, work ethic, and personal growth.

Joud is an outstanding student who consistently demonstrates ambition, dedication, and a strong desire to excel. She is highly motivated and approaches every task with commitment and professionalism. Her ability to work hard, overcome challenges, and consistently produce high-quality work has always impressed me.

One of Joud's greatest strengths is her ambition. She is always eager to learn, improve herself, and take on new challenges. She is proactive, responsible, and willing to invest the time and effort needed to achieve her goals. Her determination and perseverance have been key factors in her success throughout her academic journey.

In addition to her academic excellence, Joud has proudly represented the Cybersecurity Department in several events and activities. Her achievements and active participation have reflected positively on both herself and the department, demonstrating her leadership, confidence, and professionalism in different settings.

Based on my experience with her over several years, I am confident that Joud possesses the academic ability, determination, and leadership potential to excel in graduate studies and succeed in any professional environment. I strongly recommend her and believe she will make valuable contributions wherever she continues her academic or professional journey.

Please feel free to contact me if you require any additional information.

Sincerely,

Dr. Areej Althubaity
Assistant Professor, Cybersecurity Department
